I. Executive Summary

MED-Project LLC (“MED-Project”) operates a Product Stewardship Plan for Unwanted Medicine from Households (“Plan”) in the City and County of San Francisco, California (“Jurisdiction”) under the San Francisco Safe Drug Disposal Stewardship Ordinance, Chapter 22, Division 1, Sections 2200-2219 (“Ordinance”) and the San Francisco Department of the Environment (“Department”) Regulation #SFE-16-01-SDDSO (“Regulation”). On June 5, 2019, the Jurisdiction approved MED-Project’s Plan, dated November 1, 2018 (“Approved Plan”). This 2021 City and County of San Francisco Annual Report (“Report”) describes the activities of MED-Project between January 1, 2021, and December 31, 2021 (the “Reporting Period”) in compliance with Ordinance Section 2209. All capitalized terminology not defined in this summary is derived from the Approved Plan.

A. Notifications in the Reporting Period

April 1, 2021, to June 30, 2021	July 9, 2021
July 1, 2021, to September 30, 2021	October 8, 2021

- On June 5, 2019, the Department approved the Plan dated November 1, 2018, subject to conditions listed in the June 5, 2019, approval letter. Of note, Proposed Condition #9 was waived by the Department via e-mail correspondence on February 8, 2021. Proposed Condition #9 requires MED-Project to provide a minimum of 50 copies of the tri-fold brochure in English, and 25 copies in each other Required Language annually and upon request to each site on a list provided by the Department.

On December 20, 2021, MED-Project responded to a letter from the Department, confirming that a reporting issue from the prior Reporting Period had been resolved. The response letter addresses resolution of change notification procedures that were reviewed with the Department during the Reporting Period.

On April 26, 2021, MED-Project notified the Department of the deactivation of 21 Mail-Back Distribution Locations, as listed in the notification.

On May 28, 2021, MED-Project submitted a non-substantive change notice to the Department, in which Vendor contact information was updated.

On December 10, 2021, MED-Project submitted a notice of non-substantive change to the Department, in which a Vendor address was updated.

B. COVID-19 Pandemic-Related Notifications

On May 19, 2021, MED-Project submitted a sixth COVID-19 pandemic response notification to the Department, which indicated that two Unwanted Medicine Kiosk Drop-Off Sites and 73 Mail-Back Distribution Locations remained restricted.

On September 1, 2021, MED-Project submitted a seventh COVID-19 pandemic response notification to the Department, which indicated that two Unwanted Medicine Kiosk Drop-Off Sites and 73 Mail-Back Distribution Locations remained restricted. These 73 Mail-Back Distribution Locations were deactivated during the Reporting Period due to inactivity.

For details on COVID-19 pandemic-restricted site access statuses during the Reporting Period, see Appendix P, Table 16: Reporting Period Access Restrictions.

Among the challenges encountered during the Reporting Period was the COVID-19 pandemic. An animated and audio Public Service Announcement (“PSA”) encouraging safe disposal of Unwanted Medicine and use of Mail-Back Services in response to the COVID-19 pandemic was used during the Reporting Period. MED-Project conducted media campaigns during the Reporting Period in the Jurisdiction, which included information about and promoted the use of Mail-Back Services in response to the continuing COVID-19 pandemic. The campaigns included television, radio, and digital platform spot ads, and social media posts on Facebook and Twitter.

MED-Project also converted 12 Kiosks Drop-Off Sites from the Scheduled Collection Service (SCS) method to the On-Demand Collection Service (ODCS) method. The ODCS method allows for host sites to increase efficiency of pickups while limiting contact with Vendor technicians, reducing the risk of COVID-19 transmission during pickups.

C. Reporting Period Operations Overview

During the Reporting Period, MED-Project continued to focus on Kiosk Drop-Off Site operation throughout the Jurisdiction, and performing outreach to eligible pharmacies, hospitals, and clinics with on-site pharmacies, and Law Enforcement Agencies (“LEAs”). During the reporting period, MED-Project’s Program collected and disposed of Unwanted Medicine from 46 Kiosk Drop-Off Sites and 147 Mail-Back Distribution Locations during the Reporting Period. Of those 147 Mail-Back Sites, 98 Mail-Back Distribution Locations were deactivated during the Reporting Period due to inactivity due to the COVID-19 Pandemic.

All existing kiosks were installed in pharmacies that meet all local, state, and federal requirements and that executed agreements with MED-Project. In addition, outreach

and educational materials, including signage and/or brochures, were distributed to select existing Kiosk Drop-Off Sites and Mail-Back Distribution Locations.

MED-Project provided disposal instructions for Kiosk Drop-Off Sites and Mail-Back Services to Residents and continues to communicate with Kiosk Drop-Off Site Hosts to distribute outreach materials upon request, review procedures as needed, and improve overall Program design.

As outlined in the Approved Plan, the ultimate goal of the Program is to provide Residents with convenient, safe, and accessible methods to dispose of Unwanted Medicine. MED-Project anticipates a steady increase in the number of Kiosk Drop-Off Sites in 2022 as a result of ongoing outreach and Program activities, especially if there is increased retail chain pharmacy participation in the Program.

The following Sections of the Report respond to specific reporting requirements in Ordinance Section 2209 and Regulation Section 2. Each section of the Report restates the corresponding Ordinance and Regulation (where applicable) requirements and provides the required information. All figures are rounded to the nearest tenth place.

MED-Project is also providing an Errata List for the 2020 Annual Report submitted on April 26, 2021, revised on August 31, 2021; See Appendix Q: Errata List for the 2020 Annual Report.

A. Public Education Activities

MED-Project provided disposal instructions for Kiosk Drop-Off Sites and Mail-Back Services offered through the Approved Plan. In addition, MED-Project maintained a website and toll-free telephone number to provide information pertaining to MED-Project disposal options and outreach materials. The MED-Project Website, toll-free telephone number, and outreach materials, such as posters and brochures, were available in the Required Languages, including English, Spanish, Chinese, Russian, and Tagalog (Filipino). See Appendix G for examples of brochures and posters. Appendix H provides promotional material (brochures and posters) distribution information.

The MED-Project Website lists all Kiosk Drop-Off Sites and Mail-Back Distribution Locations. MED-Project Website information and statistics are provided in Appendices I and J, respectively.

MED-Project implemented agreed-upon single system of promotion terms of coordination. According to a formula in the single system of promotion terms of coordination, each program operator pays its own vendor costs for the website, call center, and survey services. During the Reporting Period:

- On September 30, 2021, MED-Project established a single system of promotion website (www.med-projectsf.org) that directs Residents to a common webpage that provides information of both the MED-Project and the other program operator's active kiosk drop-off sites and mail-back distribution locations on a common map. The website also links to each program operator's website where Residents can request mail-back packages.
- On September 30, 2021, MED-Project established a single system of promotion call center where residents who enter a San Francisco ZIP code are redirected to each program operator's call center based on an algorithm that equitably distributes calls to each program.
- MED-Project provided the other program operator with licensed graphics for use that matched MED-Project's outreach materials to allow for consistency in public information about the program.
- MED-Project initiated a survey with the other program operator during the Reporting Period. The survey was sent to the Department for review on November 29, 2021. The survey ran and was posted to the MED-Project Website in 2022. MED-Project and the other program operator have agreed to the use of a common mark on kiosks and the single system of promotion website. See Figure 1, below.

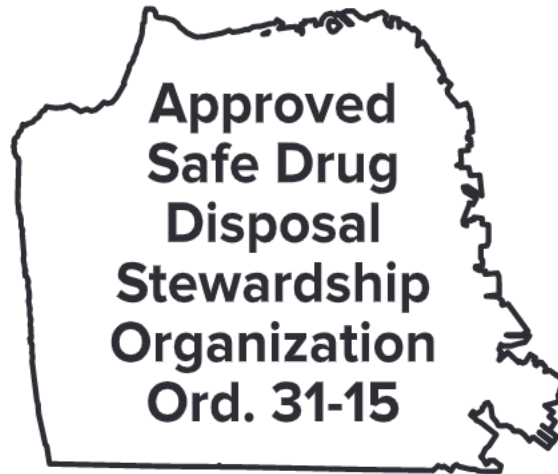

Figure 1: Common Mark for the City and County of San Francisco

B. Outreach Activities

MED-Project conducted the following outreach activities during the Reporting Period: provided digital, radio, and television campaigns; distributed signage and brochures; posted information on social media sites; and sent email blasts. A list of the social media and email outreach promotion activities is provided in Appendix K.

During the Reporting Period, MED-Project met the goal of continued targeted media for a combined target reach percent of 75% at a 3+ frequency for the duration of at least four weeks, at least three times per year. The outreach activities achieved a combined reach percent of 99.9%, 92%, and 76% at a 3+ frequency respectively, each for a duration of at least four weeks and were conducted through a variety of media channels.

MED-Project performed the following activities to achieve the goals:

Cross Media Campaign – March 2021 (TV, Radio, Digital) (7.1 frequency / five weeks)

Cross Media Campaign – August 2021 (TV, Radio, Digital) (4.8 frequency / five weeks)

Cross Media Campaign – November 2021 (TV, Radio, Digital) (5.2 frequency / four weeks)

The Target Rating Points calculated for the Reporting Period are 748.6 for digital media, 618.8 for television, and 179.4 for radio.

See Appendix L; Media Outreach Summary.

C. Proof of Medium

MED-Project offers the following documents as “proof” to support the outreach efforts:

- Example of email blast – MED-Project (December 2021)
- Example of social media posting (December 2021)
- List of static publishers (host sites) for digital campaign (March, August, November 2021)
- Broadcast television schedule log (March, August, November 2021)
- List of radio campaign placement and spot ads (March, August, November 2021)

See Appendix M; Electronic and Media Advertisement Proof of Performance Examples.

D. Evaluation Activities

Per the current approved Plan, MED-Project will conduct the biennial survey of Residents, pharmacists, veterinarians, and health care professionals in the Jurisdiction who interact with Residents on use of Covered Drugs in 2022. MED-Project plans to continue targeted media for a combined target reach of 75% at a 3+ frequency for a duration of one month at least three times per year throughout 2022 to foster increased Resident Program awareness.

VIII. Packaging Recycling

Ordinance Sec. 2209 (a)(10): “A description of how collected packaging was recycled to the extent feasible, including the recycling facility or facilities used.”

As described in the Plan, while drug packaging is expected to constitute a significant amount of the waste incinerated under the Program, MED-Project has concluded that separation of inner and/or outer packaging from Unwanted Medicine and/or recycling of packaging would raise three significant concerns:

Separating and recycling drug packaging could result in the disclosure of confidential patient information appearing on prescription drug packaging; Separating and recycling drug packaging could increase the potential for releases and leakage of Unwanted Medicine; and Separating and recycling drug packaging could increase diversion risk by adding additional steps to the collection process and, because drug packaging is often used in drug counterfeiting, the drug packaging could be a diversion target itself.

For these reasons, the Program does not provide for the separation and recycling of packaging from Unwanted Medicine.

MED-Project education and outreach materials instruct Residents to return Unwanted Medicine at a Kiosk Drop-Off Site, via Mail-Back Services, or at a Take-Back Event, in its original container or in a sealed bag. These materials encourage Residents who transfer their Unwanted Medicine in a sealed bag to recycle all remaining packaging.

IX. Program Goals

Ordinance Sec. 2209 (a)(11): *“A summary of the Stewardship Plan’s goals, the degree of success in meeting those goals in the past year, and, if any goals have not been met, what effort will be made to achieve the goals in the next year.”*

E. Collection Goals

MED-Project strove to meet the Service Convenience Goals in Ordinance Section 2205(b)(1) during the Reporting Period through a combination of established Kiosk Drop-Off Sites and Mail-Back Distribution Locations as detailed in Appendix N; Kiosk Drop-Off Site and Mail-Back Distribution Location Reporting Period Results. Figure 2 provides a visual representation of how MED-Project satisfied the Service Convenience Goals during the Reporting Period.

As outlined in the Approved Plan, MED-Project set a collection expectation of 19,800 pounds for the 2019 reporting period. Due to the ongoing COVID-19 pandemic, MED-Project is not restating the collection goals for the Reporting Period. MED-Project exceeded the 2019 collection goal in 2021. MED-Project anticipates the average pounds per Kiosk Drop-Off Site to increase in 2022 with increasing public awareness of the Program. Refer to Section III of this Report for specific collection information.

F. Education and Public Outreach Goals

MED-Project met the Plan’s short-term goals. MED-Project utilized data from 2017 to establish baseline education and outreach goals for the Reporting Period and future Reporting Periods. In 2021, there were no Take-Back Events, which resulted in no press advisories. See Appendix O; Baseline Data Summary. During 2017, no messages were left by Residents, resulting in no messages returned. In 2018 the Call Center was transitioned to a staffed 24/7/365 service, and, since then, all calls are answered with no messages left by Residents.

MED-Project will continue to evaluate media and public outreach as well as collect feedback by survey in order to make adjustments and improvements to the Program. Additionally, MED-Project may revise and/or add communications materials based on changes to the Plan.

G. Collector Outreach

MED-Project continued collector outreach by issuing letters to all nonparticipating or new retail pharmacies on January 25, 2021.

X. Program Costs

Ordinance Sec. 2209 (a)(12): *“The total expenditures of the Stewardship Plan during the reporting period.”*

The total Program cost for the Reporting Period was \$972,743.72.

Si tiene medicamentos caducados o no deseados, es fácil desecharlos correctamente. Para proteger su privacidad, se les recuerda a los pacientes que eliminen toda la información de identificación personal de las etiquetas o los envases de los medicamentos antes de desechar los medicamentos no deseados.

Также важно хранить лекарства в безопасном месте, чтобы предотвратить их случайное проглатывание или использование не по назначению другими лицами, особенно детьми.

Если у вас есть просроченные или ненужные лекарства, правила утилизации просты. Для защиты личной информации перед утилизацией ненужных лекарств пациентам рекомендуется удалить всю личную информацию с этикеток или упаковки лекарств.

Данный материал был подготовлен в целях соблюдения законодательства и не обязательно отражает мнение организаторов программы MED-Project или производителей лекарственных средств, участвующих в плане управления продукцией MED-Project.

Tumutulong ang mga gamot sa paglunas sa mga sakit, pamamahala ng mga pabalik-balik na kondisyon, at pagpapabuti ng kalusugan at kapakanan para sa milyun-milyong Amerikano. Importanteng inumin ng mga pasyente ang kanilang mga gamot ayon sa pagkakaresetang ng kanilang tagapaglaan ng pangangalaga sa kalusugan, at ayon sa pagkakasaad sa etiketa o packaging. Mahalaga rin na tiyaking itago ang mga gamot nang ligtas para maiwasan ang di-sadyang pagkakainom o maling paggamit ng ibang tao, lalo na ng mga bata.

Kung mayroon kang mga napasos na o hindi na ginagamit na gamot, madali lang ang wastong pagtatapon sa mga ito. Para maprotektahan ang privacy mo, pinapaalala sa mga pasyente na alisin ang lahat ng personal na mapagkikilanan na impormasyon sa mga etiketa o packaging ng gamot bago itapon ang mga hindi na ginagamit na gamot.
