

Table B. Computers, Printers, Servers

EPEAT computers are less-toxic, energy-efficient; made with more recyclable materials; reduction of environmental impacts in design, manufacturing, packaging, use, disassembly, recycling, and disposal.

(Data below is from contracted vendors the City was required to buy from in 2012: Enpointe and Computerland).

TABLE C. Janitorial cleaners & papers

The City must buy cleaners and papers that are required on SFApproved.org, or are dFE, Green Seal or EcoLogo certified. Those green cleaners have no ingredients that can cause cancer and asthma. Concentrated green cleaners cost 15 times less than equivalent, non-green, ready-to-use cleaners.

(Data below is from some of contracted vendors the City is required to buy from: Champion, Santora, United, Waxie).
