The Honorable Edwin M. Lee  
Mayor, City and County of San Francisco  
City Hall, Room 200  
1 Dr Carlton B Goodlett Place  
San Francisco, CA 94102

RE: GoSolarSF Funding

Dear Mayor Lee,

On behalf of the San Francisco Commission on the Environment, we congratulate you for your leadership in helping restore \$2 million dollars for the GoSolarSF program for fiscal year 2013-14, bringing the total program budget to \$4 million for the year.

With this added investment the many businesses and residents who have been waiting to take advantage of the GoSolarSF program will now be able to move forward with their projects and add solar to their rooftops. The additional support not only will grow the more than 23.1 megawatts of renewable generation in the city and ensuing greenhouse gas reductions, but also sustain the local green jobs the program has created.

Fully funding the GoSolarSF program is a key recommendation from the Renewable Energy Task Force report and our commission is committed to working with you and the SFPUC to explore all options for maintaining adequate funding of the program over the coming years to ensure stability for the solar industry.

Again, thank you for your commitment to the environment and building San Francisco's economy – your leadership on this matter is greatly appreciated.

Sincerely,

1455 Market Street, Suite 1200, San Francisco, California 94103
