The undersigned representative agrees that the following statements are true and correct to the best of his/her knowledge:

- 1. The SF Energy Watch Program influenced and motivated me to make energy-efficiency upgrades to my business / building. I would not have undertaken the project otherwise.
2. The existing equipment is still in proper working condition and will continue to operate through the larger of one (1) year or claimed Remaining Useful Life\* (RUL).
3. I am aware that the equipment to be installed is of higher efficiency than the standard equipment alternatives available in the market.
4. I did not purchase the equipment prior to enrolling in the SF Energy Watch Program.
5. The drivers for this energy-efficiency project are:

- Reduce Energy Use
End-of-Life Replacement
Productivity/Product Quality Improvement
Attractive Payback (Years: \_\_\_)
Code/Regulatory Compliance
Safety
Planned Renovation
Repairs
Other: \_\_\_\_\_

\*Remaining Useful Life (RUL) is an estimate of the median number of years that equipment being replaced under the program would have remained in place and operable had the program intervention not caused the replacement. Please consult your SF Energy Watch Project Manager or Participating Contractor for more information.
