

**San Francisco Zero Emissions Building Taskforce
New Construction Work Group
Wednesday, February 19, 2020 from 9:00-11:00am
1455 Market St, Ground Floor Meeting Room
San Francisco, CA**

Work Group Meeting #2

This Meeting's Objective

1. Gather feedback on straw proposal for ordinance timing, applicability, and exceptions so staff can work to revise/finalize.
2. Discuss questions and ideas on administrative process – what do stakeholders envision as a successful process.
3. Identify other implementation needs and considerations to inform staff resources needs.

Agenda

Time	Item	Lead
9:00	Welcome & Introductions Name, Affiliation, Connection/Interest to this WG	All
9:10	Recap of Last Meeting + Today's Agenda	Facilitator
9:20	Straw Proposal: Ordinance Timing and Applicability, plus initial thoughts re: Exceptions Staff present a straw proposal based on Meeting 1 discussion and input.	Cyndy
9:30	Discussion: Could this work? What would make it stronger? Responses and feedback on straw proposal. <i>Staff will gather input to revise and finalize the proposals for development of the ordinance.</i>	Facilitator
10:00	Administrative Process: How can SF make this successful? What would a successful process look like? What does the market need from SF to see successful implementation of the ordinance? <i>Staff will gather input to develop a process flow and identify level of resources needed.</i>	Facilitator
10:30	Other Implementation Needs What else, perhaps outside of SF, does the market need to be successful with all-electric new construction?	Facilitator
10:50	Recap and Next Steps Summarize outcomes of meeting, including reviewing next steps, any assignments, and discuss goals for next meeting.	Facilitator
11:00	Adjourn
