

I _____ (name), _____ (title) of _____ (name of facility) have informed the City and County of San Francisco Department of the Environment (SFE), through the Registered Facility application process, that my firm is a customer of _____ (facility name).

As a condition of operating as a Registered Facility in San Francisco pursuant to Chapter 14 of the Environment Code, I hereby authorize SFE to review and copy records associated with our activity. This authorization extends to records associated with _____ (name of any transporters) delivering material from our facility.

SFE is authorized to obtain the following information upon request from your facility including, but not limited to, weight tags and other records that identify the transporter, vehicle identification, date, and tonnage, type and jurisdiction(s) of origin of materials received. SFE is not requesting to receive or review pricing information. You may redact pricing information from records prior to making them available to SFE.

This authorization is effective _____ (date) and valid until revoked in writing by the undersigned.
