(f) Plastic grocery-shopping bags have significant environmental impacts each year, including the felling of over 14 million trees, and use of over 12 million barrels of oil for
bags in the U.S., as well as the death of over 100,000 marine animals from plastic
entanglement.

(g) Governments in several countries have banned or taken action to discourage
the use of plastic bags, including the Republic of Ireland, which has achieved a 90% decrease
